LOCAL AREA CO-ORDINATOR SCHEME

Braunstone Town Council is delighted to be supporting a pilot project - Local Area Coordination, which is being led by our Council partners in Leicestershire and Blaby and by the NHS Clinical Commissioning Group.

Local Area Coordination is about supporting individuals and families, particularly those with disabilities, mental health issues and frail older people, to achieve their goals – by using their own strengths and family/community networks. A key skill will be building relationships with the right people to help people to identify and address their own needs.

We are now pleased to introduce Roo Peake who is the Local Area Co-ordinator for Braunstone Town. Roo will be based at Braunstone Civic Centre. You can contact Roo on 0116 2890045 or roo.peake@leics.gov.uk if you are aware of any resident that you feel could do with some support.

MOBILE SKATE PARK PROJECT SUMMER HOLIDAYS!!

At Thorpe Astley Community Centre,
off Lakin Drive
on the following dates!!
Monday 27th July, 3rd August, 10th August,
Wednesday 12th August,

1pm – 4pm
Free of Charge

Available for all to use but under 8's must be accompanied
by an adult, parent/guardian consent required for riders
under 16 years old. Safety equipment is compulsory!

Theft of Children's Play Equipment - Appeal for information

POLICE are appealing for any information and sightings which would help catch thieves who stole two slides and three swings from the Town's Parks.

Over the weekend of Friday 12th - Monday 15th June, a slide and three swings were removed from the children's playground at Mossdale Meadows and a slide was removed from the children's playground at Franklin Park. There was no official Town Council activity on the parks over the weekend. The thieves made off with the equipment leaving it unsafe, with rough edges and a parent telephoned the Council on Monday to inform us that her daughter had climbed the climbing frame to use the slide and nearly fell over the end, since there was no barrier where the slide had been to prevent any fall. Had it not been for her quick reaction in catching her, a little girl could have been seriously injured. **If you saw any activity, which may help in identifying the culprits, even if it at first appeared to be normal, please contact Leicestershire Police on 101 with the information.**
