Mr R Berrington stated that hearing held by Leicester City Council into this application was well organised. The outcome was that the hours included in the Licence Application had been reduced and were considered more reasonable to local residents. The Report of the Policy & Resources Committee Meeting held on 21<sup>st</sup> August 2014 (p5672/5678)

Page 5672, Item 5b – Pitch Allocations – Additional Pitch Allocation Requests

Ms A Hack stated that a decision to return the second adult football pitch at Mossdale Meadows into use had been reached following unprecedented demand for pitches and the potential for damage to existing pitches from over use. The Council had examined whether there was existing capacity and further work would be required on the existing pitches in order to increase capacity. There was a medium term need to increase capacity for adult football given many of the current junior teams would graduate to this level in the next few years. Ms A Hack added that the granting of the additional pitch allocation request would result in 13 additional games being played at Mossdale Meadows during the 2014/2015 season. The area would still be open for use and enjoyment by other park users for most of the time.

Mr N Brown added that he had been a member of the Council for 19 years and during most of that period the area had been used as a football pitch. The pitch had been taken out of use due to parking problems in the area. Subsequently the demand for pitches had increased and there was a need to consider future provision for adult teams given the number of active junior teams. Mr N Brown added that there had been a full and considered debate at Policy and Resources Committee and the implications had been fully considered, there were proposals to ensure that parking problems were not repeated and the Committee had been mindful of balancing football pitch provision so as not to impinge on other users of the park. Mr N Brown offered to speak with concerned members of the public after the meeting in order to allay their concerns.
